

Proper Adjectives:

Proper adjectives are the adjective form of proper nouns. When proper nouns modify or describe other nouns/pronouns, they become proper adjectives. 'Proper' means 'specific' rather than 'formal' or 'polite.'

A proper adjective allows us to summarize a concept in just one word. Instead of writing/saying 'a food cooked in Chinese recipe' you can write/say 'Chinese food'.

Proper adjectives are usually capitalized as proper nouns are.

Example:

- American cars are very strong.
- Chinese people are hard workers.
- I love KFC burgers.
- Marxist philosophers despise capitalism.
